

# YAAPHA

**Yaapha's mission is to address the needs of youth in providing safe, reliable and sustainable education regardless their economic status in Tanzania.**

### **Learning & Living in Tanzania**

I'm Gregorio from Florence , New Jersey. I volunteered in 2014 with YAAPHA. While taking the Dala dala to my volunteer placement at UJiji Primary School in Kigoma ,I was looking out the window to see something that would summarize Tanzania in a nut-shell. I saw a man running to help a women and her young child carry their bags/groceries. Every one in Tanzania was happy, smiling, and would go out of their way to say hello. The atmosphere, the culture, is one that emphasizes togetherness, collective, and sharing.
