My experience with the YAAPHA group was an unforgettable and remarkable one. For starters, the members in the group are the kindest, most loving and caring people. They are always looking for the best interest in the volunteers and helping anyone they can. I volunteered in Pasua school in Moshi town, and honestly it was the best experience I have ever had. The children there are so kind and energetic. They are keen on learning; as soon as they see a volunteer come through the doors they all run to give you a warm welcome and lots of hugs. They take full advantage of your teaching there, they are always asking questions and wanting to learn more. They all need of your help, so if you're planning on volunteering with YAAPHA, do not hesitate and do it! You will not regret it.
