My amazing first travelling experience in Urambo.

Name: Francisca

Age: 18.

Female

Puerto Montt, Chile

January – April -2015.

As my first traveling experience I was so nervous. Fortunately the YAAPHA staff helped me with all my doubts even I was already situated in the volunteer house.

I loved getting involved in culture and language. I learned a lot of things in this country and the custom.

The most important thing that I save from the volunteering is the orphanage in Urambo district at Tabora Region where i worked with.

The kids are really amazing. The lack of everything that they have is regrettable. But that is why I want to go back again as many times as I can. I fell in love with the kids. They need help and love. Since the first time I saw them i knew that something in me would change.

My intention to go on this experience was to cheer their hearts, but they stole mine.
