

PLACEMENT TITLE : Teach English /Mathematics .

PROJECT LOCATION: Moshi Municipal

Volunteer English/mathematics teachers are needed at this placement to provide English /mathematics lessons to children in Moshi. Learning how to speak English /mathematics is a very important skill set for a child in order to obtain many of the more desirable and better paying jobs in future.

A volunteer English /mathematics teacher who is willing to help these children to improve their English/mathematics skills would be helping to increase the chances of the children finding employment in the years to come and consequently a brighter future.

A volunteer English/mathematics teacher would not only give English/mathematics lessons but would also encourage conversations in English at other times within the class so all could benefit -- an example would be at meal time.

Teach English /mathematics at this placement and work with the assistance of the local teachers.

ACTIVITY DESCRIPTION FOR THIS PROJECT ARE AS FOLLOWS:

Teach English/Mathematics

Most of the English/mathematics teaching at this placement would be informal. The English/mathematics practiced would be during games or other after school activities that you had developed

Organize Games

A volunteer would be expected to develop and implement games for the children not in school that would teach the English language/mathematics in a fun and enjoyable manner. These games may involve singing or dancing activities and should encourage the children to interact with each other. The goal is to create a warm and happy learning environment for the children.

Proposal/Grant Research/ fundraising & Writing

YAAPHA can always use more assistance; we would appreciate volunteers who are able to research opportunities for them to receive grants and assist them in the writing of these. Updating the information on their website and brochures that are circulated in town would also be of great assistance.

ACCOMMODATION

-All volunteers will stay in a volunteer house. Volunteers can expect to share a room with 1 to 4 other volunteers of the same gender. The volunteer house can accommodate up to 45 volunteers at one time.

-Rooms have a lot of space and are of high quality. We have hot showers and permanent water supply, electricity and security 24/7. Wi-Fi and Satellite TV are available.

-Bedding and towels will be provided (**But if possible you could bring your own Towels**). Housekeeping and laundry are offered 3 times a week.

-Our accommodation is located in Moshi Town, 10 minutes away from the City Center, and 500 meters away from public transportation.

MEALS

We provide 3 meals per day: Breakfast, Lunch, and Dinner.

Breakfast usually consists of toast, eggs, noodles, tea, or coffee. Lunch includes local or western foods and dinner often includes chicken curry, pasta, noodles etc. We provide bottled drinking water for the whole duration of the trip (3 liters per day/per person).

If you have any special dietary requirements, please let us know so we can make arrangements for you. We will do our best to see that you are well taken care of, but as a volunteer, there is a need to be flexible.
