I encourage anyone who wants to embark on a mission trip to apply to YAAPHA. The Tanzania trip I went on last summer was even better than I expected ( and I had high expectations!) If you are thinking of joining the Tanzania trip I would say you need to like kids. This is an unbelievable experience to be role models to children and teach the English too. The housing YAAPHA provides is outstanding, now don't get me wrong, it's not a five star resort. It is a clean, well protected ( by a cement wall), and colorful . It is really a home, and you'll be calling it that by the third day guaranteed. If you choose to take this adventure you should bring a raincoat, waterproof shoes ( preferably Chaco's ) and plenty of snacks like cereal( if you can eat it dry), trail mix and something to suppress your sweet tooth. If you take the risk and go on this adventure of a life time you will not regret it!
