An absolutely amazing adventure

Program Date: 07/16/2021

I absolutely loved getting to know the local staff and just walking around the village that we stayed in was so wonderful. Everyone that we encountered was so welcoming and kind, even though we were mzungus (white people). Whenever we passed people on the streets, a simple smile and hello would always be exchanged. That is possibly what I miss most about the trip; the common kindness that everyone carried with themselves.
